TOYOTA

AT TOYOTA, WE'RE MORE THAN JUST A CAR COMPANY.

WE'RE A PARTNER IN THE JOURNEY TO LIVE YOUR MOST FULFILLING LIFE.

We give you the tools you need to achieve your full potential by designing our vehicles with purpose. To be as dynamic as the life you've always envisioned yourself living.

And we don't stop at meticulously designed, quality vehicles. We're pioneering alternative fuels, improving human movement, and creating meaningful community partnerships, like the one we have with our Olympic and Paralympic athletes. These initiatives demonstrate our determination to give everyone the ability to move freely through a world with constantly evolving mobility challenges, enriching that world in the process.

Alone, just a car. Together, so much more.

DEP
DEALER ePROCESS

POWERFUL IN EVERY WAY

STYLE, MUSCLE, PERFORMANCE. CHECK, CHECK, AND CHECK.

From serious payloads to serious adventure, the 2019 Tacoma is ready whenever you are - because this is not a truck to be taken lightly. It's a piece of serious engineering, built to take everything you and the world can throw at it, and still come back for more. Backed by 80 plus years of truck heritage, Tacoma has the power and capability to conquer the toughest jobs and the most extreme terrain with ease. It's a pickup that outperforms expectations, while demanding attention with its sculpted, athletic lines and premium interior accents. Feature for feature, and pound for pound, there's no other truck as capable of turning heads as it is of moving mountains.

DEALER ePROCESS

COMFORT MEETS COOL

DESIGNER STYLE AND COMFORT, PLUS ADVANCED TECHNOLOGY.

As rugged and powerful as it is, the 2019 Tacoma also makes plenty of room for comfort and style. The sporty interior was designed with sophisticated soft touch materials and metallic accents to enrich your driving experience. With an array of smart features like an available 7" Display Audio System with Navigation, Qi Wireless Charging and standard Backup Camera, you are always connected to the outside world. If you weren't booting up a mountain road or hauling down a heavy load, you might almost forget you were driving a truck. Almost.

DESIGN THAT GOES DEEP

CAPABILITY THAT GOES BEYOND THE EXPECTED.

Toyota Pickups are ingeniously capable, and built for serious adventure. The 2019 Tacoma delivers beyond your expectations not just in how it looks, but in how it's actually built and designed. The Tacoma has a high strength, triple tech frame to improve rigidity, as well as ride and handling. The bed itself is made of an ultra-durable, fibre-reinforced Sheet-Moulded composite surface that is dent-resistant and corrosion-free, with a greater impact strength than steel. The convenient deck rail system lets you quickly secure your loads, while the easy access 120V/400W power outlet in the bed gives you the power you need for onsite projects. More than you expected? Perfect – that's just how we planned it.

READY FOR EVERYTHING

BILSTEIN SHOCKS

Available Bilstein shocks help soak up the heavy dips and bumps to deliver a ride so comfortable, you'll mistake the off-road for the blacktop. Tacoma also offers ventilated front disc brakes that deliver confident stopping power no matter how bad the road or weather conditions are.

MULTI-TERRAIN SELECT

The available Multi-Terrain Select system regulates wheelspin by automatically adjusting the engine throttle and brakes, helping improve traction.

CRAWL CONTROL

Available Crawl Control automatically adjusts acceleration and braking when driving over jagged off-road terrain or on slippery surfaces and minimizes wheelspin and wheel lock-up.

TRAILER-SWAY CONTROL (TSC)

When a vehicle is towing a trailer, various weather, road, and steering conditions can result in dangerous trailer sway. Standard on all V6 models, Tacoma's TSC is a system that detects trailer sway and applies brake pressure at individual wheels and controls engine torque to help stabilize the trailer. The system also illuminates the stop lamps to alert you to the fact that your vehicle is decelerating.

DEALER ePROCESS

OVERBUILT TO PERFORM

TOUGHNESS. IT'S BUILT RIGHT IN.

With an available 4-cylinder and V6 engine and with your choice of Access Cab and Double Cab configurations, you can have the power and strength to meet your needs perfectly. The 3.5L Atkinson cycle V6 engine with D-4S Fuel Injection is particularly impressive, offering 278hp at 6,000rpm and 265lb.ft. of torque at 4,600rpm. Tacoma also features an available 6-speed automatic transmission with electronic shift to help deliver quick and easy shifting. Couple that with Tacoma's finely-tuned suspension for smooth on-road and "go anywhere" off-road performance, and you'll be able to make the most out of any obstacle. No matter where you go, this workhorse can take everything you need, with a towing capacity of up to 6,500 pounds. That's not just strong. That's Tacoma strong.

DEALER ePROCESS

SAFETY FIRST

STANDARD TOYOTA SAFETY SENSE™ (TSS-P).[1]

No matter where you take the 2019 Tacoma, rest assured that behind all the design and performance, one thing stands out – Toyota's commitment to keeping you as safe as possible. That's why we created Toyota Safety Sense™. It's an advanced suite of innovative safety features that comes standard on the 2019 Tacoma, and it is designed to help protect drivers, passengers, pedestrians, and people in other vehicles from harm.

DYNAMIC RADAR CRUISE CONTROL[2]

Using forward sensing radar technology, the system can automatically adjust vehicle speed to help maintain a preset following distance between you and the vehicle directly in front of you.

LANE DEPARTURE ALERT[3]

Alerts you if you start to drift out of your lane when visible lane markings are detected.

PRE-COLLISION SYSTEM WITH PEDESTRIAN DETECTION[4]

Provides collision avoidance or collision mitigation support in speed ranges where frontal collisions are likely to occur. In certain conditions, the Pre-Collision System with Pedestrian Detection may also help to detect pedestrians and help prevent or mitigate a collision.

AUTOMATIC HIGH BEAMS[5]

Designed to detect oncoming and preceding vehicles' lights and depending upon the circumstances, Automatic High Beams can switch between high and low beams for you.

TACOMA 4X4 SELECT FEATURES

ACCESS CAB
SR5 – 4-CYL/V6

DRIVETRAIN
- 4 Cyl. – 2.7 Litre, 4-Cylinder with 159 hp @ 5200 rpm & 180 lb.ft. of Torque @ 3800 rpm; V6 – 3.5 Litre, V6 Engine with 278 hp @ 6000 rpm & 265 lb.ft. of Torque @ 4600 rpm, Atkinson Cycle V6 with D-4S Fuel Injection
- Payload: 4 Cyl. – 585 kg (1300 lb)[6], V6 - 520 kg (1150 lb)[6]
- Variable Valve Timing with Intelligence, Sequential Multiport Electronic Fuel Injection
- One-Touch Part Time 4WD with Electronically Controlled Transfer Case, Automatic Limited Slip Differential
- 4 Cyl. – 6-Speed, Automatic; V6 - 6-Speed, Manual Transmission
- Super Electronically Controlled Transmission, Lock-Up Torque Converter
- Independent Front Coil Spring, Double-Wishbone with Stabilizer Bar, Multi-Leaf Rear Spring Suspension
- Front & Rear Gas-Filled Shock Absorbers
- Combined City & Highway Rating 4 Cyl. – 11.7 L/100km 24 mpg[7]; V6 – 11.9 L/100km 24 mpg[7]

ENTERTAINMENT & CONNECTIVITY
- 6.1" Touch Panel Display Audio, 6-Speakers
- Integrated SiriusXM® Satellite Radio, Gracenote® Album Cover Art
- Dual USB Input Ports, Auxiliary Input Jack, Bluetooth® Hands-Free Phone Connectivity & Wireless Audio Streaming, Phone Book Access
- 4.2" TFT Multi-Information Display, Backup Camera

INTERIOR
- SR5 Grade Fabric Seat Material, Leather-Wrapped Steering Wheel
- Heated Front Bucket Seats
- Rear Seats with Fold-Up Seat Cushions

EXTERIOR
- 6-Foot Cargo Bed
- Dual Colour-Keyed, Heated, Power Adjustable Side View Mirrors
- Black Bar Grille Surround
- Rear Step Bumper, Chrome Rear Bumper Ends
- Double Wall Cargo Bed, Composite (SMC) Cargo Bed
- Cargo Bed Tie-Downs, Tie-Down Cleats (Set of 4)
- Easy Lower & Lift Tailgate, Removable Locking Tailgate
- Fog Lamps, Halogen Headlamps, Projector Style Low Beam Headlamps
- 16" Aluminum Alloy Wheels & P245/75R16 All-Season Tires

SAFETY
- Toyota Safety Sense™ (TSS-P)
- Star Safety System™
- 8 Airbags
- Hill-start Assist Control

OPTIONAL

TRD OFF-ROAD PACKAGE (SR5 V6)
- P265/70R16 All-Terrain Tires
- 7" Touch Panel Display Audio with Navigation
- Front Sport Seats with TRD Fabric Seat Surfaces
- Dual Zone Automatic Climate Control
- Power Windows with Driver & Front Passenger Auto Up/Down
- Push Button Start
- Smart Key System
- Garage Door Opener
- TRD Decals
- Front & Rear Bilstein Shock Absorbers
- 4-Wheel Crawl Control
- Multi-Terrain Select
- Chrome Grille
- Black Fender Flares
- Vehicle Anti-Theft System
- Rear Differential Lock
- Fuel Tank & Transfer Case Protector Plates
- LED Daytime Running Lights
- Tire Pressure Monitoring System
- Trailer-Sway Controller
- Active Traction Control

WARRANTY

No deductibles. No transfer fees.

COMPREHENSIVE COVERAGE 3 YEARS OR 60,000 KM

This warranty includes 24 hour Roadside Assistance and other benefits, as well as coverage of repairs on any part of the vehicle that is defective in material or workmanship under normal use and maintenance. Different warranties apply to original tires.

POWERTRAIN COMPONENTS 5 YEARS OR 100,000 KM

This warranty covers repairs to powertrain components that are defective in material or workmanship under normal use and maintenance.

MAJOR EMISSION CONTROL COMPONENTS 8 YEARS OR 130,000 KM

This warranty covers repairs to specified major emission components that are defective in material or workmanship under normal use and maintenance.

CORROSION PERFORATION 5 YEARS/UNLIMITED DISTANCE

This warranty covers any sheet metal found, under normal use, to have developed a perforation from corrosion due to defects in material or workmanship.

DISCLAIMERS

(**1**) Drivers should always be responsible for their own safe driving. Please always pay attention to your surroundings and drive safely. Depending on the conditions of roads, vehicles, weather, etc., the TSS systems may not work as intended. (**2**) Dynamic Radar Cruise Control is designed to assist the driver and is not a collision-avoidance system or a substitute for safe and attentive driving practices. System effectiveness depends on many factors such as weather, traffic and road conditions. (**3**) Lane Departure Alert is designed to read lane markers under certain conditions and provide visual and audible alerts when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. (**4**) The TSS Pre-Collision System is designed to help avoid or reduce the impact speed and damage in certain frontal collisions only. The Pedestrian Detection system is designed to detect a pedestrian ahead of the vehicle, determine if impact is imminent and help reduce impact speed. It is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrians, driver input and weather, light and road conditions. (**5**) Automatic High Beam system operates at speeds above approximately 34 km/h. Factors such as a dirty windshield, variable weather, lighting conditions and hilly terrain will limit effectiveness, requiring the driver to manually turn it off. (**6**) Payload = Passengers, Equipment, Luggage and Cargo. (**7**) Fuel efficiency estimates were determined using approved Government of Canada Test Methods. Actual fuel consumption will vary based on driving habits and other factors.

Details on the above features can be found in the Owner's Manual or contact your local Toyota Dealer.

Toyota Canada Inc. Every effort has been made to ensure the specifications and equipment shown are accurate based on information available at time of printing. In some cases, certain changes in production capacity, standard equipment, options or product delays may occur which would not be reflected in this brochure. Toyota Canada Inc. reserves the right to make these changes without notice or obligation. The Toyota website **toyota.ca** – or your Toyota Dealer is your best source for up-to-date information.
